ABOUT US

Cross Country is Ready to Handle Every Challenge

Our vision is to create the leading integrated equipment, supplies and service provider focused on supporting the needs of both the large diversified contractors and niche specialty contractors across all of North America's infrastructure markets.

Cross Country is dedicated to provide exceptional customer service. Our experienced team will partner with you to help you find the best solution for your project.

PIPELINE

WATER & WASTE MANAGEMENT

EQUIPMENT

RENTALS / SALES

Cross Country offers High Quality Equipment from the Best Manufacturers

WOLFE

TERRAMAC

MOROOKA

PALADIN
POWERFUL ATTACHMENT TOOLS

Dozers

Engineered for demanding work, the durable Cat® Dozer is well suited to keep material moving with high performance, solid reliability and low operating costs.

Excavators

Caterpillar® Excavators offer outstanding performance, control, high stick and bucket forces, impressive lift capacity and a comfortable operator station.

Flat Bed Tractors

State of the art SCAIP Flat Bed Tractors with accessories including hydraulic boom, welding station, dumper, and more.

Liquid Containment Tanks

We proudly carry a wide variety of high quality liquid containers including Fuel Tanks, Water Towers, and Frac Tanks.

Motor Graders

The Caterpillar® Motor Grader represents a revolution in operational efficiency, visibility, service ease and overall productivity.

Padding Machines

Our SCAIP Padding Machines are reliable and efficient and are equipped with hydrostatic transmissions, radio remote control, insulated cabin and more.

Pipe Bending Machines

Cross Country offers a variety of Pipe Bending Machines rentals with the ability to bend pipes from 6" to 60".

Pipelayers

Our fleet of Cat® and SCAIP Pipelayers are the standard of the pipelining industry and are designed to withstand the most demanding pipeline conditions.

Power Generators

We proudly feature GLOBAL® Prime Power generators. These units are built to last and are the industry standard, ranging from 20kw (25kVA) to 409kw (511kVA).

Rubber Track Carriers

Our Terramac, Morooka and Scaip Carriers offer contractors endless jobsite flexibility and can access rugged, narrow and remote jobsites with ease.

Skid Loaders

Loading or lifting, our Mustang Skid Loaders are well adapted to provide excellent forward reach and full lift height for stacking at high heights.

Telehandlers

Our Caterpillar, Mustang and JLG Telehandlers have the best all-around visibility and take the lead in lift and reach capability.

Trenchers

The Wolfe 7000 and 8000 Wheel Trenchers offer superior power, controls, fuel efficiency, cab comfort, and all machines are GPS and laser ready.

Wheel Loaders

Safer and faster material handling and loading jobs for use in landscaping, agricultural, construction, waste management, forestry, or mining applications.

ACCESSORIES

Hydraulic Hammers

Paladin's Strike Force Breakers provide exceptional performance and reliability for a variety of demolition tasks. Our 8 - 12K large scale breakers can handle the toughest demolition jobs and have a smooth, powerful operation for maximum output energy and efficiency.

Padding Buckets

Our ALLU and SCAIP Padding Buckets can process many types of material such as topsoil, excavated and waste soil, clay, bark, compost, biowaste, demolition and construction waste, milled asphalt, glass, coal, oil shale, lime stone and several other materials.

Pipe Cradles

Cross Country has a wide range of roller type pipeline cradles from Scaip, DMI and Eagle. We carry various cradle assemblies for pipe sizes 6" (168MM) through 60" (1524MM).

Portable Wash Pads

Self-contained wash pads can be positioned in a location where no extensive plumbing and construction is needed. Our Portable Wash Pads have a capacity of 150,000lbs SWL (on driving surface) and a fluid capacity of 3,500lbs.

Tack Rigs

Tac Rigs are specially designed for balance and ease of use. The RT9 with PM 11 crane is the right choice for your welding needs. The PM 11 crane can handle 4060 lbs. at 18 feet. Sideline's GWD 90 Weld Deck is designed at a width of 8' 6" for moving as a legal width load.

Vacuum Lifters

Owners and workers looking for safe and efficient material handling solutions in the pipe, oil, gas, utility and road construction industries can lift with confidence from behind the controls of a Vacuworx Lifting System.

Weld and Sand Blast Decks

Cross Country Weld and Sand Blast decks are easy to load onto any flat deck carrier for any welding or blasting application.

Welding Shacks

Cross Country rents, sells, and manufactures welding shacks in a variety of specifications for your remote welding applications.

Additional Tools & Equipment Include:

- » Air Lift Bags
- » Beveling Machines
- » Cold Cutting Machines
- » Common Pipeline Tools
- » Compressors
- » Demagnetization Coils
- » Fabrication Pipe Rollers
- » HDD Pipe Rollers
- » Heating Coils
- » Holiday Detectors
- » Mandrels
- » Pigging, Test, Pull Heads
- » Pipe Calipers
- » Pipe Clamps
- » Propane Torches
- » Road Ramps
- » Zoom Booms
- » AND MUCH MORE...

INFRASTRUCTURE

RENTALS / SALES

We are a single source for a complete line of hydrostatic testing, ditch dewatering, stream bypass, filtration, and pigging equipment. We proudly distribute quality Pioneer, Cornell and Gorman Rupp equipment.

Dewatering Equipment

Centrifugal Fill Pumps & Jet Pumps

Reciprocating Pressure Pumps

Pig Launchers and Receivers

Auto-Prime Pumps

Hydraulic Submersible Pumps

10K - 30K Hydrostatic Test Pumps

High Pressure Pumps

Electric Submersible Pumps

Filtration Systems

Sound Attenuated Pumps

Supporting Equipment and Instruments

Cross Country also has available a full supply of supporting equipment and instruments including V-Slot Strainers, Air Dryers, Fuel Tanks, Flowmeters, Skimmers, Pipes, Hoses, Calibration and Testing Equipment.

Visit CrossCountryIS.com for Details

Trench Safety Equipment

Aluminum Trench Shields

Steel Trench Shields

Slide Rail Systems

Pipeline Hydrostatic Testing Systems

Cross Country can provide any single component or complete fill & test systems for hydrostatic testing. We supply fill & test pumps, certified high-pressure hoses, fittings, calibrated meters and pig launchers & receivers, no matter what the pipe size, length or elevation gain. In addition, our experienced staff can assist you with fluid design calculations, layout drawings and the "know how" needed to complete your project to spec on time.

Low Head, High Head, and Pressure Test Pump Units

Hydrotest Headers

Flow Meters

Strainers

Combo Fill & Test

Air Driven Test Pumps

Skimmers

The Fluids Solutions Group

Fast Accurate Answers to Pumping, Filtering, Measurement & Control of your Project Requirements

We have on-hand dedicated application staff with a wide range of experience in Production Water Transfer, Waste Water & River Bypass, Pipeline Hydro Testing Systems, and Industrial & Petroleum Pumping applications.
