

SCAIP Bending Machines

FEATURES

Quick connection for Hydraulic Mandrel

Accessories **ACCURACY BEND**

System was conceived for the measurement of pipe-line's bending angles.

Load Sensing

To control the movement proportionally.

SCAIP Wedge Mandrels

Modern technologies for reliable and efficient products

Our hydraulic wedge mandrels are made of very high quality. They are supplied complete with extension pipes and sets of shims for registration. The SWH series covers pipe diameters between 10" and 60". From 10" to 22" mandrels are available in both manual and motorized versions, while 24" mandrels onwards are only available in the motorized version. Bending set from 6" to 60".
